Sift together the flour, salt and baking soda. In a saucepan, beat 1 egg. Add the chocolate, broken into small pieces, 3/4 cup milk and 1 cup sugar. Cook over low heat, stirring constantly, until chocolate melts. Cool.

Cream the shortening; gradually beat in the remaining sugar until light and fluffy. Add 1 of the remaining eggs at a time, beating after each addition. Add the flour mixture alternately with the remaining milk, beating well after each addition. Blend in the vanilla and chocolate mixture. Divide batter evenly among the prepared pans. Bake 30 minutes or until a cake tester comes out clean. Cool on a cake rack 20 minutes before removing from pans. Cool thoroughly before frosting.

Do not over mix cake batter. Mixing too long at a high speed can result in large air holes that cause the cake to fall in the center.
