In a bowl, combine all the ingredients and knead together to form a dough. Place half the dough, shaped into a rough rope, on a large piece of plastic wrap. Fold the plastic over and work the dough into the shape of a log 2 inches in diameter. Repeat with the remaining dough. Freeze the logs until hard, about 2 hours.

To make the cookies, cut the dough into 3/16 inch slices and place on non-stick cookie sheets. Bake in a preheated 350 degree oven for 10 to 12 minutes. Transfer to a rack to cool or eat warm from the oven.

To avoid over baking cookies, just remove them from the oven a few minutes before they are done. The hot pan continues to bake for a few minutes after removed from the oven.
